

BP is developing a massive NATURAL GAS project in WEST PAPUA in the middle of a **GENOCIDE!**

...and they don't want YOU to know about it.

bleeding papua!

INDONESIA has illegally occupied WEST PAPUA for over 40 years ... just like they did in EAST TIMOR.

Its brutal military have murdered over **100,000** West Papuans & raped, tortured & starved to death countless others.

Indonesia annexed West Papua by forcing 1,000 elders to 'vote' in favour ...or else have their tongues cut out!

West Papuans don't want to be Indonesian. They just want to be **FREE!**

But the penalty for even raising the West Papuan flag is 15 YEARS in JAIL!

BP wants to keep all of this **SECRET!**

BUT on its webpages "Papua Overview" & "The Tangguh LNG Project in Papua", BP ONLY TELLS YOU:

"The legacy with the central government is complex" &

"Challenges are posed by the operating environment".

What is BP trying to hide? Maybe operating in West Papua goes against BP's "socially responsible" & "green" image?

2003: The corpse of a Papuan independence leader displayed as a trophy by Indonesian troops.

These are the sort of people BP is happy to do business with.

WEST PAPUA NEEDS YOU!

- **Get involved! Take action!**
Visit our website & join our e-mail supporters' list;
- **Write to your MP demanding that the UK government calls for an immediate Indonesian military withdrawal from West Papua & a UN backed independence referendum;**
- **Help build more support for the cause by inviting exiled Papuan leaders to speak at your local event;**
- **Tell everyone what BP is doing in West Papua!**

Is BP ASHAMED TO TELL YOU the TRUTH?

BP claims that it's better than Rio Tinto (which runs one of the world's biggest gold & copper mines in West Papua), because unlike Rio Tinto, it doesn't pay money directly to the Indonesian military for so-called "protection".

But the millions of \$ from this project won't go to ordinary Papuans ... it will go to the Indonesian government. And Indonesia will use it to help pay for **EVEN MORE SOLDIERS, TANKS & HAWK JETS** (from the UK) to **KILL EVEN MORE PAPUANS!**
